Phonics Policy

Intent

At Long Clawson CE Primary School, we recognise that teaching children to read is an essential part of their learning. Reading is a skill that helps to develop vocabulary and improve understanding of words. In synthetic phonics lessons, children learn the relationship between letters and sounds. Teaching them to recognise the sounds each letter makes and how to put them together, enables them to read. It also helps with spelling as they learn how to break up words into sounds, in order to spell them. The idea that surrounds synthetic phonics is that once they are comfortable with the letters and sounds that make up words, children should even be able to read 'nonsense' words that don't actually exist in the English language.

Our Aims:

- To establish a cohesive whole-school approach with progression and continuity in the teaching and learning of phonics throughout the school with a focus on quality first teaching.
- To ensure that systematic synthetic phonics (following the Twinkl Phonics programme) is the first approach pupils use to help with their reading and spelling.
- To ensure children learn to read and write all 44 graphemes in the English language.
- To ensure children have specific strategies to identify and decode common exception words (tricky words).
- To have robust assessment procedures to check progress and identify pupils in need of intervention.
- For pupils to apply their phonic knowledge in their reading and writing across the whole curriculum.
- For pupils to develop a love of reading and enjoy reading for pleasure confidently across a range of genres.

Objectives:

- To provide consistent, high-quality phonics teaching that ensures all children have a strong foundation upon which to tackle the complex processes of reading and writing.
- To ensure that the teaching of synthetic phonics is systematic and progressive throughout the foundation stage, key stage one and key stage two for those children needing interventions to support phonetic knowledge and understanding.
- To ensure that children have strong phonetic knowledge, understanding and skills so that they can decode words confidently and engage with higher-order reading and writing skills.

Implementation

What Is Phonics?

Phonics is a way of teaching children how to read and write. It helps children hear, identify and use different sounds that distinguish one word from another in the English language. The Department of Education establishes the core criteria for effective systematic synthetic phonics teaching programmes. Using phonics

programmes, children are taught to read and write using phonics, which is by directly linking phonemes (sounds in words) and graphemes (the symbols used to represent them).

How We Deliver Our Phonics Teaching

At Long Clawson CE Primary School, we use Twinkl Phonics as our systematic, synthetic phonics programme (SSP). It is high quality and robust in its purpose. With a clear, structured progression through the programme, it allows all of our pupils to meet or exceed the expected standard.

The Twinkl Phonics approach combines rigorous progression with engaging learning materials. We believe that children learn best when they are enjoying their learning and that this comes from a mix of bright, fun and engaging lesson resources within a clear and systematic approach that builds on children's skills daily.

Timetabling/Structure

Phonics is taught daily to all children in EYFS and key stage 1. Within reception, phonics sessions will increase in length over the year. By the end of reception, children spend about 30 minutes a day consolidating previous learning, learning new content and practising and applying what they have learnt. This will consist of a mixture of carpet time and follow-up activities. Phonics will also form part of their continuous provision for children to access following their discrete phonics lesson.

In year 1 and 2, phonics lessons will last about 30 minutes each day. Some children may continue to need discrete phonics sessions in key stage 2. If this is the case, they will receive a daily intervention session.

Children will be regularly assessed to ensure they are receiving phonics teaching at the correct level.

Progression

Reception

In reception, it is expected that children will complete Phonics Levels (phases) 2,3 and 4.

LEVEL 2

The purpose of Level 2 is to:

- teach the first 19 most commonly-used letters and the sounds they make;
- move children on from oral blending and segmenting to blending and segmenting with letters;
- introduce some tricky words for reading.

By the end of Level 2, children will have had opportunities to:

- identify the phoneme when shown any Level 2 grapheme;
- identify any Level 2 grapheme when they hear the phoneme;
- orally blend and segment CVC words;
- blend sounds to read VC words, such as, 'if', 'am', 'on' and 'up';
- segment VC words into their sounds to spell them (using magnetic letters);
- read the tricky words: the, to, I, no, go.

LEVEL 3

The purpose of Level 3 is to:

- introduce another 25 graphemes, including consonant digraphs, vowel digraphs and trigraphs so that children can represent 42 phonemes with a grapheme;
- continue to practise CVC blending and segmentation;
- apply their knowledge of blending and segmenting to reading and spelling simple two-syllable words and captions.

By the end of Level 3, children will have had opportunities to:

- say the phoneme when shown all or most Level 2 and Level 3 graphemes;
- find all or most Level 2 and Level 3 graphemes, from a display, when given the phoneme;
- blend and read CVC words (single-syllable words consisting of Level 2 and Level 3 graphemes);
- segment and make a phonetically plausible attempt at spelling CVC words (single-syllable words consisting of Level 2 and Level 3 graphemes);
- read the tricky words - he, she, we, me, be, was, my, you, here, they, all, are & spell the tricky words - the, to, I, no, go;
- write each letter correctly when following a model.

LEVEL 4

The purpose of Level 4 is to:

- consolidate children's knowledge of graphemes in reading and spelling words, especially digraphs and trigraphs;
- introduce words with adjacent consonants - CVCC, CCVC, CCVCC, CCCVC, CVCCC, CCCVCC, CCVCCC;
- learn polysyllabic words and learn to read and spell some more tricky words.

By the end of Level 4, children will have had opportunities to:

- give the phoneme when shown any Level 2 or Level 3 grapheme;
- find any Level 2 or Level 3 grapheme when given the phoneme;
- blend and read words containing adjacent consonants as well as segment and spell words containing adjacent consonants;
- read the tricky words - some, one, said, come, do, so, were, when, have, there, out, like, little, what & spell the tricky words - he, she, we, me, be, was, my, you, here, they, all, are;
- write each letter, usually using the correct formation;
- orally segment words into phonemes.

Year 1

By the end of Year 1, it is expected that children will have completed Level 5 Phonics.

The purpose of Level 5 is to:

- learn alternative graphemes for known phonemes;
- learn alternative pronunciations of known graphemes;
- introduce split digraphs;
- introduce suffixes and prefixes;
- learn to read and spell more common exception words.
-

By the end of Level 5, children will have had opportunities to:

- give the phoneme, when shown any grapheme that has been taught;
- for any given phoneme, write the common graphemes;
- apply phonics knowledge and skills as the primary approach to reading and spelling unfamiliar words that are not completely decodable;
- read and spell phonically decodable two-syllable and three-syllable words;
- read automatically all taught tricky and common exception words;
- accurately spell all the Level 2, 3 and 4 tricky words and most of the common exception words for reading;
- form each letter correctly;
- use alternative ways of pronouncing and representing the long vowel phonemes.

Year 2

By the end of Year 2, it is expected that children will have completed Level 6 Phonics.

The purpose of Level 6 is to:

- develop children's knowledge of spelling patterns and best-guess grapheme selection;
- learn more alternative graphemes for known phonemes;
- learn more alternative pronunciations for known graphemes;
- introduce the /zh/ phoneme;
- develop an understanding of the spelling rules for adding suffixes and prefixes;
- introduce homophones/near homophones and contractions;
- learn to spell more common exception words;
- develop their understanding of grammar rules;
- learn effective writing techniques including editing and proofreading and learn more strategies to read and write independently.

By the end of Level 6, children will have had opportunities to:

- read accurately most words of two or more syllables;
- read most words containing common suffixes;
- read most common exception words;

- read most words accurately, in age-appropriate books, without overt sounding and blending, fluent enough to allow them to focus on their understanding rather than on decoding individual words;
- sound out most unfamiliar words accurately, without undue hesitation;
- segment spoken words into phonemes and represent these by graphemes, spelling many of these words correctly and making phonetically plausible attempts at others;
- spell most common exception words correctly.

Children identified as not making the expected progress will be identified early and will receive additional phonics interventions either through same-day interventions or in small focus groups following an assessment of their needs.

KS2

For those children who are working below age-related expectations, phonics learning should not end in KS1. If, through assessment and observation, teachers have decided that a child needs further phonics intervention, Twinkl Codebreakers will be used. It is a comprehensive and scripted intervention programme, specifically designed for KS2 pupils to close the gap and develop essential reading and writing skills. Consideration will also be given as to whether these children would be best supported through a Support Plan (see SEND Policy).

Pupils in Years 3,4,5 and 6 also engage with Read, Write, Spell which enhances and progresses their understanding of Spelling, Punctuation and Grammar.

Impact

Assessment

Assessing in Reception & KS1

In reception, year 1 and year 2, children should be assessed on their knowledge of GPCs and tricky/common exception words each half-term, to establish their phonic level. Blending and segmenting assessments should also be carried out to ensure that children have the skills securely in place for reading and spelling.

Inclusion/ Intervention

Supporting the Lowest 20% Achievers

Regular assessment is vital to ensure the early identification of children who may need us to provide them with extra support, either through interventions or during daily classroom teaching. Ideally, these children will take part in daily, highly structured interventions, which will normally include recapping or relearning missing GPCs and tricky/common exception words and practising blending and segmenting skills. As soon as we identify any child who is struggling to succeed in phonics, the provision will be put into place to close the gap.

Extending and Challenging Fast Learners

Regular assessment is also vital to ensuring the early identification of children who may need us to challenge them further, either through extension activities or during daily classroom teaching.

Year 1 Phonics Screening Check

In the summer term, all children in year 1 will undertake the National Phonics Screening Check. This is an assessment carried out in school during which the children will be assessed on their ability to segment and blend a range of 40 real and 'alien' words. Alien words are a selection of phonetically decodable nonsense words. The words in this assessment gauge the children's understanding of the phonemes learnt and give

the school the knowledge of where the gaps are. If the children are not secure in recognising, segmenting and blending these words and therefore do not pass the assessment, they will be offered further support as they enter year 2 and will be able to repeat the assessment in the summer term of year 2. This assessment also allows us to put in specific and personal support for those children who require additional assistance. If a child does not meet the expected standard in year 2, then phonics teaching and learning will be continued into key stage 2. At this point, the child will also be monitored by the SENCo to assess for additional needs.

Reviewing this Policy:

This policy was written by the phonics subject leader: Teegan King

It was completed in September 2023 and will be reviewed in September 2025.

Its implementation is seen as the responsibility of all staff. Its use and effectiveness will be supported and monitored by the phonics subject leader, on behalf of the head teacher and governors.
