

Key stage 2 comparative report 2024

This information shows the performance of schools nationally at the end of key stage 2 to enable you to compare your child's performance at the end of key stage 2 with the attainment of other year 6 pupils in our school and across England.

Due to low cohort numbers of below 10 pupils the % of children in school achieving the expected standard has been suppressed, in line with guidance. This is due to the potential for individual children's scores to be identified because of the high percentage value each pupil represents.
